

## Workshops

ICWE workshops offer an opportunity for highly interactive sessions, which either include in-depth discussions of a specific topic, or are related to a technical community.

The results of the co-located workshops will be reported during the main conference programme. Paper submissions must follow the LNCS formatting guidelines and must not be longer than 15 (fifteen) pages. Click [here](#) to see the submission instructions. Additional information can be found on the workshop web sites.

The submission deadline has been extended to April 14th 2007 (old deadline: April 7).

## Submissions

Workshop papers can be submitted through a unified submission system by logging in at the following url:

<http://www.easychair.org/ICWE07WORKSHOPS>

In the submission form you will be asked the workshop to which you want to submit the paper.

If you have an existing easychair account, you don't need to register again: you can use your existing account (e.g., if you submitted a paper to the main ICWE conference, you can use the same account).
